1. Terms and Conditions

AWARD INFORMATION

Incorporation: In addition to the federal laws, regulations, policies, and CDC General Terms and Conditions for Non-research awards at <https://www.cdc.gov/grants/federalregulationspolicies/index.html>, the Centers for Disease Control and Prevention (CDC) hereby incorporates Notice of Funding Opportunity (NOFO) number EH20-2005, entitled State-Based Public Health Laboratory Biomonitoring Programs, and application dated May 13, 2022, as may be amended, which are hereby made a part of this Non-research award, hereinafter referred to as the Notice of Award (NoA).

Approved Funding: Funding in the amount of \$40,000 is approved for the Year 03 budget period, which is 09/01/2022 through 08/31/2023. All future year funding will be based on satisfactory programmatic progress and the availability of funds.

The federal award amount is subject to adjustment based on total allowable costs incurred and/or the value of any third-party in-kind contribution when applicable.

Note: Refer to the Payment Information section for Payment Management System (PMS) subaccount information.

Financial Assistance Mechanism: Cooperative Agreement

Substantial Involvement by CDC: This is a cooperative agreement and CDC will have substantial programmatic involvement after the award is made. Substantial involvement is in addition to all post-award monitoring, technical assistance, and performance reviews undertaken in the normal course of stewardship of federal funds.

CDC program staff will assist, coordinate, or participate in carrying out effort under the award, and recipients agree to the responsibilities therein, as detailed in the NOFO. The following are potential areas of substantial involvement, others may also be included:

- Analytical method training at CDC for selected chemicals or groups of chemicals
- Analytical method transfer to state public health laboratories
- Quality assessment testing services to laboratories for selected, existing CDC methods
- Technical review and consultation on biomarker and matrix selection, sample collection, and other aspects of laboratory method and biomonitoring investigation design
- Assistance in developing and evaluating laboratory methods, especially with respect to Quality Assurance/ Quality Control (QA/QC)
- Technical review of final laboratory method
- Technical review of scientific manuscripts and/or other documents disseminating biomonitoring findings before submission for publication
- Facilitation of communication among recipients and other active biomonitoring programs

- Facilitation of use of select reference materials to promote comparability of
- biomonitoring findings
- Assistance in developing training materials for laboratory methods, evaluations,
- risk communication, and other topics for state biomonitoring programs
- Convene recipients to facilitate information exchange and collaboration

Expanded Authority: The recipient is permitted the following expanded authority in the administration of the award.

Carryover of unobligated balances from one budget period to a subsequent budget period. Unobligated funds may be used for purposes within the scope of the project as originally approved. Recipients will report use, or intended use, of unobligated funds in Section 12 “Remarks” of the annual Federal Financial Report. If the GMO determines that some or all of the unobligated funds are not necessary to complete the project, the GMO may restrict the recipient’s authority to automatically carry over unobligated balances in the future, use the balance to reduce or offset CDC funding for a subsequent budget period, or use a combination of these actions.

Program Income: Any program income generated under this grant or cooperative agreement will be used in accordance with the Addition alternative.

Addition alternative: Under this alternative, program income is added to the funds committed to the project/program and is used to further eligible project/program objectives.

Note: The disposition of program income must have written prior approval from the GMO.

FUNDING RESTRICTIONS AND LIMITATIONS

Indirect Costs:

Indirect costs are approved based on the negotiated indirect cost rate agreement dated 3/16/22, which calculates indirect costs as follows, a provisional approved rate of 18.10% of the base, which includes, salaries, wages and fringe benefits. The effective dates of this indirect cost rate are from July 1, 2023 to June 30, 2025.

REPORTING REQUIREMENTS

Performance Progress and Monitoring: Performance information collection initiated under this grant/cooperative agreement has been approved by the Office of Management and Budget under **OMB Number 0920-1132, “Performance Progress and Monitoring Report”, Expiration Date 10/31/2022.** The components of the PPMR are available for download at: <https://www.cdc.gov/grants/alreadyhavegrant/Reporting.html>.

Required Disclosures for Federal Awardee Performance and Integrity Information System

(FAPIS): Consistent with 45 CFR 75.113, applicants and recipients must disclose in a timely manner, in writing to the CDC, with a copy to the HHS Office of Inspector General (OIG), all information related to violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award. Subrecipients must disclose, in a timely manner in writing to the prime recipient (pass through entity) and the HHS OIG, all information related to violations of federal criminal law involving fraud, bribery, or gratuity violations potentially affecting the federal award. Disclosures must be sent in writing to the CDC and to the HHS OIG at the following addresses:
