1. Terms and Conditions

AWARD INFORMATION

Incorporation: In addition to the federal laws, regulations, policies, and CDC General Terms and Conditions for Non-research awards at <https://www.cdc.gov/grants/federal-regulations-policies/index.html>, the Centers for Disease Control and Prevention (CDC) hereby incorporates Notice of Funding Opportunity (NOFO) number CE19-1902, entitled Rape Prevention and Education: Using The Best Available Evidence for Sexual Violence Prevention, and application dated October 11, 2022, as may be amended, which are hereby made a part of this Non-research award, hereinafter referred to as the Notice of Award (NoA).

Approved Funding: Funding in the amount of \$885,493 is approved for the Year 05 budget period, which is February 1, 2023 through January 31, 2024. All future year funding will be based on satisfactory programmatic progress and the availability of funds.

The federal award amount is subject to adjustment based on total allowable costs incurred and/or the value of any third party in-kind contribution when applicable.

Note: Refer to the Payment Information section for Payment Management System (PMS) subaccount information.

Financial Assistance Mechanism: Cooperative Agreement

Substantial Involvement by CDC: This is a cooperative agreement and CDC will have substantial programmatic involvement after the award is made. Substantial involvement is in addition to all post-award monitoring, technical assistance, and performance reviews undertaken in the normal course of stewardship of federal funds.

CDC program staff will assist, coordinate, or participate in carrying out effort under the award, and recipients agree to the responsibilities therein, as detailed in the NOFO.

1. Provide CDC-developed tools and resources such as VETO Violence, STOP SV: A Technical Package to Prevent Sexual Violence, SV Indicator Tools, RPE Evaluation Plan Guidance, RPE Implementation Guidance, Community-Level Guidance, etc.
 - Review APRs (including MRS tools), evaluation plans and tools, and SAPs, and provide feedback.
 - Facilitate collaborative opportunities with state and national partners.
2. Information Sharing between Recipients:
 - Facilitate routine conference calls, webinars, and information exchange between recipients.
 - b. Develop mechanism for documenting and sharing lessons learned.
3. Evaluation: Facilitating successful evaluation of the outcomes and implementation of the collective activities in the state as described in the NOFO. Examples of resources and tools provided by CDC include, but are not limited to:
 - Identifying local and state data available to monitor SV indicators.
 - Using collected performance measures, reports, and/or data to provide recipients with feedback for continuous program improvement.
 - Assisting with planning and identifying measures to evaluate the selected programs and state and local efforts.
 - Providing guidance on evaluating recipient's performance of program activities

and compliance with award performance standards

Expanded Authority: The recipient is permitted the following expanded authority in the administration of the award.

- Carryover of unobligated balances from one budget period to a subsequent budget period. Unobligated funds may be used for purposes within the scope of the project as originally approved. Recipients will report use, or intended use, of unobligated funds in Section 12 "Remarks" of the annual Federal Financial Report. If the GMO determines that some or all of the unobligated funds are not necessary to complete the project, the GMO may restrict the recipient's authority to automatically carry over unobligated balances in the future, use the balance to reduce or offset CDC funding for a subsequent budget period, or use a combination of these actions.

Program Income: Any program income generated under this grant or cooperative agreement will be used in accordance with the Addition alternative.

Addition alternative: Under this alternative, program income is added to the funds committed to the project/program and is used to further eligible project/program objectives.

Note: The disposition of program income must have written prior approval from the GMO.
