1. Terms and Conditions - U4U Supplement

**Award Number: 910202 (MISSOURI)**  
**Award Type: Cooperative Agreement**

**ADDITIONAL AWARD INFORMATION**

**Supplemental Funding:** Additional funding is being awarded for *CDC-RFA-PS20-2001, "Tuberculosis Elimination and Laboratory Cooperative Agreement"* supplemental funds to support the program for "Uniting for Ukraine Supplemental Funds." Funding in the amount **\$79,144** is approved for the remaining Budget Year 03 budget period, which is **8/15/2022 – 12/31/2022.**

<b>Lab Funding</b>	<b>\$10,716</b>
<b>Program Funding</b>	<b>\$68,428</b>
<b>Total Supplemental Funding</b>	<b>\$79,144</b>

**Purpose of Funds:** These resources will be used to support activities related to screening, evaluation, and treatment of latent tuberculosis (TB) infection (LTBI) and TB disease, including laboratory services related to populations displaced from Ukraine. Further, our organization understands that this funding expands ongoing TB prevention, control, and laboratory services in support of the Uniting for Ukraine program. Specifically, to reduce morbidity and mortality caused by TB by preventing transmission of *M. tuberculosis* from persons with infectious disease to uninfected persons, preventing latent TB infection (LTBI) from progressing to TB disease, and ensuring timely and reliable TB laboratory services.

**Ukraine Supplemental Funding Budget Revision Requirement:** The recipient must submit a revised budget with a narrative justification by uploading into Grant Solutions as an amendment within 60 days of receipt of the Notice of Award. If the date falls on a weekend or holiday, the submission will be due the following business day. Failure to submit the required information in a timely manner may adversely affect the future funding of this project. If the information cannot be provided by the due date, you are required to contact the GMS/GMO identified in the Awarding Agency Contact Information section on the first page before the due date.

**Termination/Non-compliance**

This award may be terminated in whole or in part consistent with 45 CFR 75.372. CDC may impose other enforcement actions in accordance with 45 CFR 75.371- Remedies for Noncompliance, as appropriate.

**Goal of the Funds:**

This funding expands ongoing TB prevention, control, and laboratory services in support of the Uniting for Ukraine program. Specifically, to reduce morbidity and mortality caused by TB by--

- Preventing transmission of *M. tuberculosis* from persons with infectious disease to uninfected persons,
- Preventing latent TB infection (LTBI) from progressing to TB disease, and
- Ensuring timely and reliable TB laboratory services.

**Restrictions and Allowable Costs:**

This funding builds upon the ongoing work of CDC-RFA-PS20-2001, specifically in support of the Uniting for Ukraine program. The purchase of medication for treatment of LTBI and TB disease is allowable under this supplemental funding.

While planning activities and writing budgets, keep in mind that recipients may **not** use funds for:

- Research
- Inpatient clinical care, with certain exceptions
- Purchasing furniture or equipment
  - o Publicity or propaganda purposes for the preparation, distribution, or use of any material designed to support or defeat the enactment of legislation before any legislative body
- Salary or expenses of any grant or contract recipient, or agent acting for such recipient, related to any activity designed to influence the enactment of legislation, appropriations, regulation, administrative action, or executive order proposed or pending before any legislative body. See Additional Requirement (AR) 12 for detailed guidance on lobbying restrictions.
- Supplanting state or local health department funds

**Restrictions for public health laboratories:**

- Laboratories reporting first-line drug susceptibility testing (DST) for < 50 patient isolates/year may not request funding support for reagents and supplies associated with DST. Requests for these items will be denied. Laboratories within this category may request the use of funds for shipping supplies and costs for access to referral services.

**Allowable costs include-**

- Outpatient services related to TB control and clinical care (e.g., Interferon Gamma Release Assay (IGRA) testing, tuberculin skin testing, chest radiography, medical evaluation, treatment)
- Procurement and provision of medications for the treatment of LTBI and TB disease
- Reasonable program purposes, including personnel, travel, supplies, and services
- Integration of services when it is intended to specifically reduce TB transmission or improve TB screening, testing, or treatment in populations disproportionately affected by other infections or comorbidities including diabetes mellitus, hepatitis B or C virus, STDs, and HIV

Emphasis must be given to directing most of the funds to core TB control front-line activities, such as TB case management, targeted testing, and treatment of LTBI, clinical evaluation and

treatment initiation and completion for TB disease, contact investigation, and outreach activities with an emphasis on using conventional directly observed therapy (DOT) and/or electronic DOT (eDOT).

Of note: The direct and primary recipient in a cooperative agreement program must perform a substantial role in carrying out project outcomes and not merely serve as a conduit for an award to another party or provider who is ineligible.

In accordance with the United States Protecting Life in Global Health Assistance policy, all non-governmental organization (NGO) applicants acknowledge that foreign NGOs that receive funds provided through this award, either as a prime recipient or subrecipient, are strictly prohibited, regardless of the source of funds, from performing abortions as a method of family planning or engaging in any activity that promotes abortion as a method of family planning, or to provide financial support to any other foreign non-governmental organization that conducts such activities. See Additional Requirement (AR) 35 for applicability.

**Stewardship:** The recipient must exercise proper stewardship over Federal funds by ensuring that all costs charged to your cooperative agreement are allowable, allocable, and reasonable and that they address the highest priority needs as they relate to this program.

All the other terms and conditions issued with the original award remain in effect throughout the budget period unless otherwise changed, in writing, by the Grants Management Officer.
