

Register Online with the Family Care Safety Registry

The Family Care Safety Registry (FCSR) helps protect seniors, children, and the disabled by conducting background screenings on long term care workers, child care workers, and personal care workers. If you are an employee or a job applicant in one of these fields, you must register with the FCSR before background screenings can be requested. Registering with the FCSR means you will provide personal information and agree to background screenings for employment purposes as defined in [state law](#). There is a one-time registration fee of \$15.00.

Submitting your registration online is faster than the mail. Instead of the cost of a stamp, a \$0.55 processing charge will be added to your fee.

To register online you will need:

- Internet access
- Your Social Security number
- Your email address
- A credit card or debit card

NOTE
You may be asked to supply a copy of your Social Security card or other verification document after the FCSR receives your registration information.

The online system works best with Google Chrome.

The web address to access the FCSR Background Screening and Employment Eligibility System (BSEES) for online registration can be found at the end of this document.

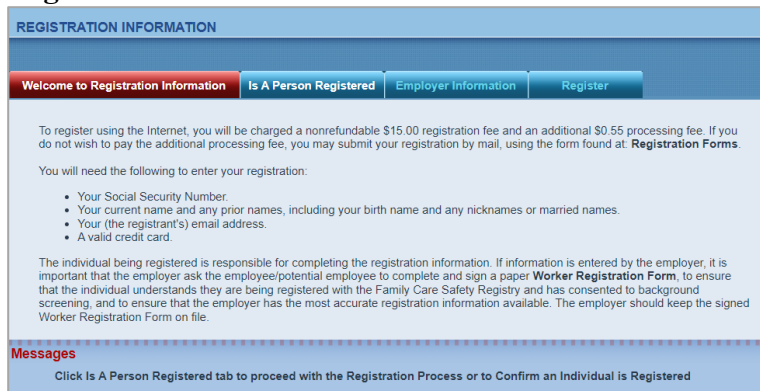

From the FCSR-BSEES homepage, click the **Registration** button to begin.

From the submenu, click **Register Online**.

Read the Welcome to Registration Information. When ready, click the tab for **Is A Person Registered** to continue.

NOTE
You will see a **Messages** section on each page. Informational messages will be in black text. Error messages will be red.

Enter your Social Security number in the appropriate fields on the **Is A Person Registered** screen. Click the checkbox to confirm you are not a robot. (If presented, click all pictures that meet a given criteria to further prove you are not a robot.) Click the **Search** button.

You should be notified that your Social Security number was not found in the database.

NOTE

If you were notified that your Social Security number **was** found in the database, you may already be registered with the FCSR. If your Social Security number was found and you do not believe you have registered in the past, call the FCSR toll-free at 866-422-6872.

Click the **Continue** button.

Either enter an **Employer Name** (current or potential) **or** make a selection from **Select if No Employer**.

To enter an employer name, set your search criteria to either **Begins With** or **Contains**. Begin typing part of the employer name. As you type, a drop down list may appear. You may select an employer name from the drop down list **or** you can use what you've typed thus far.

Click the **Search** button.

After clicking the Search button, you should receive a list of one or more employer names from our database. If the correct employer is shown, click to checkmark the box by the employer name.
