

# **MOBILITY COORDINATION INITIATIVE**

**Have you or a family member ever struggled to obtain a ride to work, the store, church, etc?**

**CCDDR has started its Mobility Coordination Initiative beginning January 2024. The purpose of the Initiative is to identify and/or establish transportation resources within our community. CCDDR will be assisting clients in obtaining transportation and/or scheduling transportation services when needed. If you have been struggling with transportation, call our office 573-317-9233 and ask for Rachel or Emily for assistance.**
